12. Adopt Resolution 15-12 for the Cochise County Documentation Requirements for Wages charged to Federal Programs Policy and rescind Resolution 07-01.
13. Adopt Resolution 15-13 for the Cochise County Documentation Requirements for Wages Charged to State Programs Policy and rescind Resolution 08-10.

Indigent Defense

14. Approve the transfer of funds in the amount of \$100,000 from the General Fund Contingency Account to Indigent Defense Coordinator (IDC) budget accounts.

Vice-Chairman English moved to approve items 1-14 on the Consent Agenda. Supervisor Searle seconded the motion and it carried unanimously.

PUBLIC HEARINGS

Community Development

15. Adopt Resolution 15-14 a modification of the stipulation to extend the rezoning deadline an additional five years from December 31, 2015 to December 31, 2020, for the Heavy Industrial (HI) and R-36, one dwelling per 36,000 square feet, zoned properties at the proposed Bowie Power Station site north of Bowie, Arizona.

Presented by Ms. Jesse Drake, Planner II, Planning and Zoning Division, presented this item. Ms. Drake gave the background and history of extensions for this project. She stated that the reason for the extension request today was so that the company could maintain consistency between all permits needed.

Chairman Call said that he did not see an issue with extending the permit.

Supervisor Searle noted that considering the timeline, this project has been ongoing for 15 years and the Board should probably look at conditions for future approvals for extensions.

Chairman Call asked for an update on the status of the project.

Ms. Drake deferred to the applicants.

Chairman Call opened the public hearing.

Mr. Martin Bailey, Real Property Manager, Bowie Power Station, said that he managed the property, but would defer to Dr. Gary Crane since he is the Environmental Manager for Bowie Power Station.

Dr. Gary Crane, Environmental Manager, Bowie Power Station, said he had 35 years of experience in this sector and noted that there four major permits needed to break ground and begin operations. He stated that having permits coincide was helpful to the process and assisted staff in ensuring all permits are up to date. He noted that the goal of the State is to create more renewable energy sites and Bowie would be one of them. He added that getting the power station up and running would bring many positive benefits to the residents of Cochise County.

Chairman Call asked if there was a company already contracted to get the power station up and running.

Mr. Bailey said that they did not have a contract with any company, but noted that there were some interested companies. He added that they did have signed a interconnection agreement with Tucson Electric Power (TEP) once the power station was up and running.

No one else chose to speak and Chairman Call closed the public hearing.

Supervisor Searle moved to adopt Resolution 15-14 a modification of the stipulation to extend the rezoning deadline an additional five years from December 31, 2015 to December 31, 2020, for the Heavy Industrial (HI) and R-36, one dwelling per 36,000 square feet, zoned properties at the proposed Bowie Power Station site north of Bowie, Arizona. Vice-Chairman English seconded the motion.

Chairman Call called for vote and it was approved 3-0.

ACTION

Community Development

16. Approve a permit fee waiver request in the amount of \$1,734.40 from Mr. Morales of Morales Meat Masters for the construction of a 384 square foot addition for a kill room to his existing custom butcher shop located at 3346 N Kings Highway in Douglas.

Ms. Dora Flores, Zoning Administrator, Community Development, presented this item. Ms. Flores gave the background and explained that the applicant had previously applied and paid for a permit to build the addition, but did not complete it within the allowed time frame, therefore he was not in compliance. She added that the Planning & Zoning Division deferred to the Board for waiver requests and staff did not have a recommendation.

Vice-Chairman English said that the fee seemed excessive, specifically because the applicant had tried to follow the process, but had to wait until the economy picked back up and he had the money to complete the project.

Supervisor Searle asked if maybe they could just charge a fee for the actual work that was done.

Ms. Flores said that it was the Board's decision on how much they waived.

Chairman Call asked the applicant if he would like to speak.

Mr. Ronald Morales, owner/applicant, said that the reason he had not built the addition during the permitted timeframe was due to the economy. He explained that he did want to follow the rules and did not know that there was a time frame associated with the permit and built the addition when he had the funds to do so. He added that his company was in compliance with State regulations and provided a service for Cochise County residents that was not available countywide.

Mr. Vlahovich said that Planning & Zoning staff can wave permit fees when there is no cost to the County, but if there is a cost it to the County they have to defer to the Board. He noted that they have tried to establish rules regarding waivers, but it is difficult as most cases are unique.

Supervisor Searle said that a fee should be charged for the services the County will be providing; he suggested charging \$100 for the structure and \$115 for County services.

Chairman Call clarified that no one should look at these as setting policy or precedent as the Board addresses permit waivers on an individual basis related to unique circumstances.

Supervisor Searle moved to approve a permit fee waiver request in the amount of \$1,519.40 (Mr. Morales will only pay \$215 as detailed above) from Mr. Morales of Morales Meat Masters for the construction of a 384 square foot addition for a kill room to his existing custom butcher shop located at 3346 N Kings Highway in Douglas. Vice-Chairman English seconded the motion.

Chairman Call called for vote and it was approved 3-0.

17. Approve a permit fee waiver request from Palominas Fire District in the amount of \$120 for the installation of a 1,220 square foot manufactured home for crew quarters; the applicant is also requesting that any fees associated for additional permits to convert the unit to a non-residential use also be waived for this parcel located at 9903 S Palominas Road in Hereford.

Ms. Dora Flores, Zoning Administrator, Community Development, presented this item. Ms. Flores gave the background and explained the reason for the waiver request.

Supervisor Searle asked if the zoning for the parcel was residential.

Ms. Flores said that it was non-residential and added that the manufactured home would only be used as quarters for the firefighters.

Mr. Mark Matthews, Palominas Fire Chief, said that the addition would ensure there was staff readily available to answer calls and shorten response times and added that they currently have an Intergovernmental Agreement (IGA) with Bisbee to serve Bisbee's area as a backup.

Vice-Chairman English stated that the County's responsibility was to recuperate the cost of services provided.

Chief Matthews said he understood and wanted to ensure inspections were done safely is the main priority, but looked at this as taxpayers paying twice for the same project and wanted to work with the County in a partnership to serve the community. He noted that the County uses their property for County services and they do not charge the County for that use.

Supervisor Searle said he had no problem with waiving the fees associated with non-residential use, but

thought that the \$120 service fee should still be charged.

Supervisor Searle moved to approve the permit fee waiver for any fees associated for additional permits to convert the unit to a non-residential use. Vice-Chairman English seconded the motion.

Chairman Call called for the vote and it was approved 3-0.

Facilities

18. Approve merged Department of Corrections (DOC) Inmate Labor agreement contract 15-102-20 effective June 30, 2015 through June 30, 2025 and authorize the County Administrator to sign.

Ms. Karen Riggs, Interim Facilities Director, presented this item. Ms. Riggs said that this new contract merged two existing contracts, which streamlined billing, but needed Board approval.

Vice-Chairman English moved to approve merged Department of Corrections (DOC) Inmate Labor agreement contract 15-102-20 effective June 30, 2015 through June 30, 2025 and authorize the County Administrator to sign. Supervisor Searle seconded the motion.

Chairman Call called for the vote and it was approved 3-0.

Information Technology

19. Approve financing \$3,000,000 to fund Microwave Project which will include change order no. 0001 for project 700 MHz P25 Phase II Trunked Simulcast System to design and install a Microwave Backhaul, 15 digital microwave links between Motorola Solutions and Cochise County in the amount of \$2,461,841 plus applicable taxes effective June 23, 2015 and additional funding for new shelter and network engineering associated with this project.

Mr. Tyson Mock, Information Technology Director, presented this item. Mr. Mock gave the background and said that a change order agreement with Motorola had to be approved in order to replace an aging infrastructure that the County is dependent upon. He noted that the details of this project were discussed recently at the Board Budget Work Session. He clarified that not approving the contract would cause a failure that would result in countywide outages, impacting public safety, data storage, and telephone capabilities. He added that the completion of this project would benefit the public and employees. He said that the total cost for the project would be \$3,000,000, which included the change order with Motorola.

Supervisor Searle asked what the cost for engineering would be.

Mr. Mock said engineering would cost an estimated \$100,000; the structure would be an estimated \$150,000; and any money left over would leave room for flexibility to ensure the project was complete. He noted that the County was still researching financing options, but interested banks were in agreement with the scope of the project.

Mr. Vlahovich clarified that the change order was being approved today in order to get a discount from Motorola, but staff would return to the Board with a contract for financing once a bank was chosen.

Supervisor Searle moved to approve a purchase order to fund the microwave project to include the change order no. 0001 for project 700 MHz P25 Phase II Trunked Simulcast System to design and install a Microwave Backhaul, 15 digital microwave links between Motorola Solutions and Cochise County in the amount of \$2,461,841 plus applicable taxes, not to exceed \$3,000,000 effective June 23, 2015. Vice-Chairman English seconded the motion.

Supervisor Call called for vote and it was approved 3-0.

CALL TO THE PUBLIC

Chairman Call opened the call to the public.

Jack Cook addressed the Board on matters of personal concern.

No one else chose to speak and Chairman Call closed the call to the public.

This is the time for the public to comment. Members of the Board may not discuss items that are not specifically identified on the agenda.
